Course Content and Assignment Due Dates

Textbooks (See syllabus for complete information.)
1. LBH = The Little, Brown Handbook, 12th edition
2. TSIS = They Say, I Say: The Moves That Matter in Academic Writing

Course web site
All course work and contact will take place in MyLab / Mastering (CourseCompass), a course management system that is similar to Blackboard.

1. To Access Course Web Materials:
   • Locate your credit card or PayPal account information.
   • Access the MyLab homepage: http://pearsonmylabandmastering.com/
   • Under Register, click Student.
   • Enter your Course ID and click Continue: Course ID = henschel75896
   • Review the course information and select Buy Now. (aprox. $15 USD)

2. To read assignments within the course site:
   • On the menu, click Assignments.
   • Assignment are posted in chronological order.
   • Reading assignments in the LBH and TSIS are not graded; however, you need to read the assigned chapters or documents to prepare for the quizzes and writing assignments.

3. To take quizzes:
   • On the Assignment’s page, there is a folder for Quizzes. Click the Quizzes link to access the study materials for each quiz and to enter the quizzes.
   • CourseCompass is on Eastern Time zone (US and Canada). If you are on Central Time, take note of the hour difference. Quizzes open Sunday at 5:00 am (ET) and remain open until the following Monday at 11:30 pm (ET). On weeks with two quizzes, the second quiz opens on Wednesday at 5:00 am and closes on Thursday at 11:30 pm (ET).
   • When you submit your quizzes, you will receive a grade, but you will not see your answers. You will need to contact me, the instructor, to review the questions you have missed. (Why? Because if I release the answers to the quizzes, they could be shared with students who have not yet taken the quiz.)

4. To upload/submit writing assignments (W1, W2, W3, and W4) to the Dropbox:
   • Save your document as Word 97-2003 or RTF. If you do not have access to Word, please contact me before submitting any work.
   • Name the file YourLastName assignment abbreviation (e.g., Smith W1).
   • On the MyLab / Mastering menu, click Dropbox, and click Send File to upload the document for grading. (Warning, if you click Add File, I won’t get the assignment: it remains in your online folder.)

5. To post to the Discussion Board:
You have four discussion board assignments, two of which are graded:

- an introduction
- information on your exam site (where you plan to take the final exam)
- a posting and peer response associated with the W3 assignment (P3)
- a posting and peer response associated with the W4 assignment (P4)

On the MyLab / Mastering menu, click Discussion Board, click on the assignment forum link, click Add New Thread, and enter your text into the message box. (Please don’t attach documents to the Discussion Board.)
